

**ROCKHOPPER**

Rockhopper Expert 29-Estimated Retail Value \$1087.99

For XC hardtail riders looking to upgrade their trail adventures or maybe even nab their first real deal mountain bike, the Rockhopper® is impossible to beat. A light-weight and responsive M4 chassis, capable MTB components and straight-out-of-the-box performance make this bike feel like a much more expensive ride

#### FEATURES

RockShox Dart 3 80mm-travel fork features preload adjustment and size-specific spring rates for versatile performance

Fully butted M4 alloy frame with Trail 29-inch geometry for greater control, leverage and bump performance, plus slider dropouts for singlespeed compatibility

SRAM X5 medium-cage rear derailleur and 9-speed trigger shifters for precise, sure-fire shifting

Crankset uses Octalink-splined BB interface for reliable power transfer

Dual-piston hydraulic disc brakes with 160mm rotors deliver smooth, controlled, powerful stops

Alloy double-walled rims for lightweight durability

#### ACCESSORIES

EMT Sport Multi Tool, (2) Soma Steel Core Tire Levers, Manta Water Bottle Cage, Cargo Wedge Under Seat Bag, Spare Tube, Glueless Patch Kit, Ultraflate Plus CO<sub>2</sub>, Georges Water Bottle, Sealant installed in tubes.
