

MYKA

Myka Expert Disc-Estimated Retail Value \$1143.99

For fun and effortless trail adventure, the redesigned Myka HT is the best looking and best riding recreational hardtail that still comes at a killer value. Featuring lightweight aluminum frame designs with ultra low standover height, 80 to 100mm travel forks and capable components, the Myka gives even the newest rider the control and confidence to leave the pavement behind.

FEATURES

Shimano crankset with Octalink-splined BB interface means greater durability and better shifting performance

Fully butted Myka M4 alloy frame with ORE down tube and women's geometry for a confident and lightweight ride

XC-inclined Specialized Fast Trak LK Control tires use shorter knob heights for low rolling resistance and secure bite in the corners

Specialized XC women's saddle with front and rear bumpers and Body Geometry cutout for off-road comfort and durability

RockShox Dart 3 80/100mm-travel fork is tuned for women, with adjustable damping, lockout and custom women's-specific spring rates

Dual-piston Auriga Pro hydraulic disc brakes and reach adjustable levers deliver smooth, controlled, powerful stops
