

5 Senses Exploration

Facilitated Field Trip experience for Preschoolers

Facilitated Field Trip Highlights

- 75-min. Outdoor program includes five hands-on learning activities
- Revamped Pre-K specific curriculum
- Experiential learning lead by IBG Educators

5 Senses Exploration Field Trip Experience

- Students will learn about concepts and then participate in hands-on activities that align with the Idaho Early Learning Guidelines.

Activity 1: Sight

- Students will sort seeds based on their size using tweezers.

Activity 2: Sound

- Students will use objects from nature to create music, while singing a song about what trees and plants need to survive.

Activity 3: Smell

- Students will have to guess the smell of different trees and plants found around the Garden.

Activity 4: Touch

- Students will guess what items from a tree they're feeling inside a mystery box.

Activity 5: Taste

- Students will get to taste some herbs from our Vegetable Garden.
