

5 Senses Exploration

Facilitated Field Trip Experience for Preschoolers

Facilitated Field Trip Highlights

- 90 min. outdoor program that includes 75 min. of experiential learning activities and 15 min. of free exploration.
- Revamped Pre-K specific curriculum.
- Experiential learning led by IBG Educators.

5 Senses Exploration Field Trip Experience

- Students will learn about concepts and then participate in hands-on activities that align with the Idaho Early Learning Guidelines.

Activity 1: Sight

- Students will sort seeds based on their size using tweezers.

Activity 2: Sound

- Students will use objects from nature to create music while singing a song about what plants need to survive.

Activity 3: Smell

- Students will guess the smell of different plants found around the Garden.

Activity 4: Touch

- Students will feel inside a mystery box and guess what nature object they're touching.

Activity 5: Taste

- Students will taste some herbs from our Vegetable Garden.
